Project Description:

The Project will replace approximately 10,500 linear feet of water mains located throughout the City. The water mains slated for replacement have been selected by considering numerous criteria including age, break history, pipe material, water demands, and fire flows.

The current schedule for this work is as follows:

Bids opened June 28, 2011.

Construction begins early August 2011 on Pueblo Street between Oak Park and Bath. The schedule for the remaining construction site locations is TBD.
